

Los Angeles Herald

THE DAILY AND WEEKLY HERALD has more than double the circulation of any other paper published in Southern California. Business men recognize it accordingly as the best advertising medium South of San Francisco.

SATURDAY, NOV. 27, 1875.

COLONEL CRAWFORD informs us that the track of the Los Angeles and Independence Railroad will be completed to the depot by this (Saturday) evening, and trains, passenger and freight, will commence running on schedule time next Monday.

COMMENTING on an article in the HERALD setting forth the prosperity of our city, the San Francisco Call says: "The prosperity of Los Angeles will be generally hailed as auspicious, as it will attract immigration to neighboring sections, and ultimately secure to that region a measure of prosperity, to which its geographical position, its healthful climate and productive soil entitle it."

A DEGREE of success has attended the attempt to introduce the shad in Pacific Coast rivers. The first young shad from the Hudson were placed in the Sacramento river, at Schama, in 1871, and the second lot in 1873. Late in sixteen full grown shad were caught at Vallejo, and half grown fish have been taken from other points on the river. From this the Commissioner thinks the experiment has been successful, and that shad will soon become plenty in the Sacramento.

SOME one who probably knew little of lawyers and less of the Grangers, started the report that the Grange had declared war on the legal fraternity. Of course every intelligent person knew there was no truth in the report and to finally and effectually settle the matter the Colusa Sun, which is a recognized Grange organ, says a proposition of that kind introduced into the County Grange there would be unceremoniously kicked out and the mover receive a lesson which would in all probability quench his thirst for absurd sensations. The California Grangers, says the same authority, are not given to crudities of this character, though like all other organizations there are adde-pated individuals ever ready to seek notoriety at the risk of their own folly. Of this class is the lawyer fee bill so much talked of lately.

Cost of Fencing.

According to the figures furnished by the Department of Agriculture fencing is a very great expense to the farming portion of the nation. The number of acres of land fenced in the United States is 250,505,614; and the number of rods of fence 1,619,190,448. The cost of this is \$1,747,549,931. This approaches the amount of national debt on which interest is paid, and exceeds by about one billion of dollars the whole paper circulation of the United States. The total cost of annual repairs is stated at \$9,363,177, and the annual interest on the original cost at 6 per cent. at \$105,552,995, making a grand total annual tax upon the farmers, apart from the expense of rebuilding these fences, of \$198,906,182. California has invested in fences over one and a half millions of dollars, and but for the no-fence law in operation in many courts the item of expense would be much larger. The day will come when there will be no perishable farm fences in the United States. In many portions of Europe the only fences to be seen are living hedges. If people were compelled to fence in those localities the expense would be so great that no profit would accrue from soil tilling and agricultural pursuits would have to be abandoned. Los Angeles valley will never be fenced except with the hedges that may be easily and cheaply grown from willow and other species of hedge making wood. The same is true of a large area of the San Joaquin Valley.

Unwise Legislation.

All men are fallible, and those possessing the greatest wisdom are most ready to acknowledge their weakness, and look with more leniency upon the mistakes of others than upon their own. Hence their willingness to correct and make restitution. Our legislators as a body are generally men of consideration and a good degree of intelligence, yet they have been guilty of many egregious blunders, which we have no doubt they will make haste to correct when again assembled in a legislative capacity. The Act by which the Governor was made a member of the State Board of Education and the Secretary of State a member of the State Prison Commission is unwise. These are important positions and can only be judiciously filled by men possessing talents peculiarly suited to the position. It is true we always expect to have men of talent to fill the offices of Governor and Secretary of State. But if they are faithful servants in the office to which they are elected they will have no time to attend to anything else. Besides, they may possess all the talent requisite to fill the office to which they were elected and be totally unqualified to control the educational interest of the State or manage a penitentiary. None but men who are experienced in such things are competent to control them.

It was certainly a great oversight in the Legislature to suppose the Governor and Secretary would be suitable men to place in charge of such interests. THOMAS JEFFERSON had the talent to make one of the best Presidents the United States ever had, but he would have been a very poor captain of a steamboat. Yet we have no doubt THOMAS JEFFERSON would have guided a steamboat quite as successfully as our penitentiary has been conducted. Under proper management this institution would pay its own expenses and contribute a large amount to the treasury of the State annually, but under its present management it draws a large amount from the treasury each year, and thus it will always be until it is placed under the control of some one competent to manage it. Our educational interest is suffering in the same way. We must have men of experience in these positions—men capable of detecting any errors in the system, and able to suggest the needed changes. The people are being taxed heavily by the blunders and mistakes of incompetent men. We do not attach any blame to our former Legislators for these mistakes, no doubt they did the best they could under the circumstances, but now that the mistakes are seen the next Legislature will be severely censured if they fail to correct them.

Funeral of Major Kerns.

The funeral of the late Major Wm. H. Kerns took place to-day at 10 o'clock A. M., from the St. Charles Hotel. The services in the parlors of the St. Charles, were conducted by Rev. Mr. Hickey, of the Fort Street M. E. Church, and were of an impressive character, the discourse abounding in beautiful passages and ideas. The remains were followed to the grave by a large number of the friends and acquaintances of the deceased, under the immediate auspices of the military of the city, consisting of the Grand Army of the Republic, under command of Past Post Commander G. E. Gard, which turned out in force, and of which deceased was an honored member. The veterans of the Mexican war and a fine escort of the Los Angeles Guards in full dress uniform under command of Captain Bartley, the whole preceded by Desmond's band. The remains were deposited with military honors, concluding with a salute of three volleys discharged over the grave. The display of an imposing character, creditable to the friends of the deceased, and to the organizations represented. Thus has concluded the earthly career of one who by his deeds of valor had gained for himself the profound respect of his companions in arms, and for his many sterling qualities had endeared himself to all those who knew him intimately. Some of his friends here have been associated with him in various ways since his advent upon this coast, now some eleven years, and their grief and tears show how deeply they deplore his sudden death, and how difficult it is to reconcile themselves to the loss of their noble hearted friend. His absent friends and relatives may be assured of the heartfelt sympathy of a large concourse of friends in their bereavement, although not personally known to them.

Successful Transfer.

The Santa Barbara Press says: It will possibly be remembered by the readers of the Press that, last June, Captain Mullet, who then commanded the Star of Freedom, captured seventeen sea lions off Santa Cruz. He started with them for New York, left the finest of them with the authorities for the Centennial exhibition, and carried the rest of them to Europe, where he sold them to good advantage. Having lost one of them during the voyage. He passed through here on Saturday en route for Los Angeles with several animals, viz: lions, tigers, leopards, and a huge bear, which he proposes showing to any one having a taste for pets. Captain Mullet will open his menagerie in the lot on the east side of Spring street, just below Court. He has a fine selection of animals and other curiosities.

Santa Monica Items.

[From the Outlook, 24th Inst.] An experience of over two months strengthens us in our first impressions that Santa Monica is a most delightful place for a residence. A number of new houses have been built within the past ten days, and work is now progressing on several more.

The weather at present is most delightful. We have no thermometer to consult, but judge the mercury stands at about 60 degrees.

W. H. Williams, Postmaster of Santa Monica, is having the Postoffice altered in a real city-like style. A large number of boxes and drawers have been provided with keys and will be given to those who rent them.

Under Sheriff H. M. Mitchell closed the Santa Monica Hotel yesterday, under an execution in the case of C. C. Lips, of Los Angeles, vs. Morgan & Munroe, for \$4,150. The furniture and fixtures will be sold at auction on the 24th of December.

Owing to the unfinished condition of the water-works, but few experiments have been made in growing trees and shrubs. But the few tests that we have seen are very successful. The plants in front of the Santa Monica Hotel are all growing beautifully, as well as the eucalyptus trees around Judge Widney's cottage on Ocean Avenue.

There is no place like Southern California for children. We have few and far between in a real city-like style. A large number of boxes and drawers have been provided with keys and will be given to those who rent them.

For Los Angeles.

CALIENTE, Nov. 26.—The following passengers for Los Angeles left on the Telegraph Stage Line to-day: A. J. Luckman, Prairie Palook, E. J. Baldwin and daughter, Mrs. Berghison, F. P. Temple and son, Wm. Ladd and A. Schaffer.

San Francisco News.

SAN FRANCISCO, Nov. 26th.—Evidence was heard to-day by the Fourth District Court as to the former character of the boy Edward Sheridan, convicted of the murder of young Crowley. Several witnesses were called. In aggravation of the sentence they testified that his character was bad. Other witnesses testified in mitigation of sentence that what they knew of his character was good. The Court deferred the sentence until Monday next.

The prisoners in custody on charges of being implicated in assault upon Mrs. Higney on Jessie street, last Tuesday morning, were again brought before the Police Court this morning, the examinations having been continued from Wednesday. The details of this outrage have already been published. The defense adopted by all of the prisoners who were not captured upon the premises by police was to prove an alibi respectively. The relatives of these young men appeared in force, and from the evidence given they all retired at an early hour on the night of the occurrence in question.

The mother of Michael Coffey, the last one arrested, testified that she put him in his little bed about 8 o'clock in the evening, and visited him subsequently during the night to see that he rested quietly and that the drapery of his couch was comfortably tucked in. A brother-in-law corroborated this statement. Three more of the accused were fortified with similar evidence and the fact remained that they had not been positively identified by the prosecuting witness. At the conclusion the Court ordered that the prisoners Cannon, Harrett, Reinhardt and Coffey be dismissed. Pat Foy, George Pierson and Michael Driscoll were committed for trial on charges of felonious assault, with bail set at \$20,000 for each. These three will also be sentenced to-morrow on convictions for minor misdemeanors in connection with the same affair.

John Chumney, who cut a gash in his throat in the city prison Tuesday, was up before the Police Court Wednesday, and Dr. Silver testified that in his opinion the prisoner was only shamming in order to escape punishment. Judge Loudback believed with the Doctor that his attempt at suicide with a knife which would not cut butter was no evidence of his insanity, and sent him to prison for six months.

Articles of incorporation of the Underwriters Fire and Marine Insurance Company were filed Wednesday morning in the office of the County Clerk. Its object is to discover and prevent fires and save property from conflagration in the city of San Francisco. The directors are A. J. Bryant, Elias D. Farnsworth, J. E. Stiles, J. C. Grant, Chas. A. Laton, Wm. N. Olmstead and Geo. T. Bohlen. The corporation has no capital stock.

The case of J. W. Pearson, President of the Woodville Mining Company, who was arrested Tuesday afternoon on the complaint of A. P. Needles, came up on Wednesday before Justice Jones. Pearson is charged with misdemeanor for refusing permission to stockholders to copy entries in the books. It is admitted that the stockholders had access to the books, and the arrest was the result of a determination whether the stockholders have a right to copy entries from the books.

CONDENSED TELEGRAMS.

Yesterday's reports from Santa Barbara say that the weather indicates rain. A Santa Barbara dispatch says: Thanksgiving day was very generally observed here. A choral Thanksgiving service was held at the Presbyterian Church, all denominations uniting. The attendance was very large. A Baiting was held at the Odd Fellows' Hall in the evening. The grand ball in aid of the Odd Fellows' Library also took place, a large concourse of people participating.

Benjamin F. Gerts, of Boston, and Chas. Knight and wife, of Waltham, Mass., went on board the Pacific at Tacoma, and, with the others, were lost. Their names have not before been published.

There has been a heavy and disastrous gale off the coast of Fishery, in which some fishing boats were lost. Sixteen fishermen are known to be drowned and fourteen are missing.

Catharine Donovan died at 479 Greenwich street, N. Y., yesterday, aged 104 years.

A Quebec dispatch says information from the Gulf states that the vessels engaged in conveying provisions from Halifax to Magdalen Islands have been lost. As the Islanders were depending on these vessels for their winter supplies, many persons must starve unless Government sends relief.

The funeral of Vice President Wilson took place yesterday. A Madrid dispatch of yesterday says: The Epoca, to-day, editorially discussing the latest diplomatic communication received by the Government here from the United States Government on the Cuban question, says that Spain is disposed to concede any quiet demand which America may make in the premises.

San Bernardino Items.

[From the Times Nov. 24th.]

The railroad company is erecting buildings at Mount City. A county official tells us that taxes are being paid off very slowly. In many years experience he has never seen taxpayers so slow.

Hon. H. R. Underhill, leaving agent of the Southern Pacific, denies that the depot will be removed from Colton.

Judge J. W. North, of Riverside, was in town to-day, and states that his son who had his leg amputated some time since, is doing well.

Judge Underhill, agent of the Southern Pacific Railroad Company, arrived at Colton yesterday morning, and made arrangements for clearing the streets and getting that burg in good shape for business, by setting a gang of men at work.

San Diego Items.

[From the World of the 24th.]

A very fine shower of rain fell upon us this morning, doing great good. It is now said the water will again be turned on in this town at the close of the week.

The Bee Keepers' Convention assembled last night at Horton's hall, in accordance with the adjournment yesterday afternoon. Mr. Begole took the chair, and Mr. Hendrick the place of Secretary. No permanent organization was effected or suggested, and we suppose none will be instituted until the bee men get more fully into line. The meeting was very respectable in point of numbers.

The following resolutions were adopted:

WHEREAS, a large proportion of the farmers and producers of San Diego county are living upon government land to which they have not been able as yet to obtain title, the land being unsurveyed; and

WHEREAS, the settlers upon such lands have no right, under existing laws, to enforce the trespass law upon lands unsurveyed by the government; and

WHEREAS, the natural growth of grass for farming stock and the sage and other flowering plants for the bee feed are frequently of as much value and importance to producers as cultivated crops, and may be trespassed upon and destroyed by non-residents, and others who drive sheep or other stock on and over such land; and

WHEREAS, personal conflicts and difficulties, to the injury of the public peace and well being of society, arise from such a condition of the present laws;

Therefore, the undersigned respectfully petition the honorable Legislature of California to pass such laws as will enable the owners and occupants of government, pre-emption and homestead claims, to extend to which they may have title, to so enforce the trespass laws as to protect not only cultivated lands but the natural growth and production of the lands, such as grass, trees, flowering shrubs, &c., and also to exempt from execution such property of bee-keepers as may place them on an equal footing with other producers.

Weather Report.

The following telegrams received at the HERALD office during last night, indicate that we shall have wet weather here in a few hours:

SAN FRANCISCO, Nov. 26th.—Rain-fall hard here and prospects of continuance throughout the night.

MERCED, Nov. 26th.—It commenced raining hard and steady at 1 o'clock, with an east wind.

TORRANCE, Nov. 26th.—It commenced raining at noon to-day, and the prospects are for a rainy night.

The crossing on the west side of Spring street, at First, is in a horrible condition. We just mention it so that the Captain of the chain gang can take his men out about daylight so as to have it in good condition when business commences.

Councilman Lichtenberger was one of the committee last night at Turner Hall to examine the lady medallion. He investigated her with considerable delicacy. A pretty woman is no terror to Lichtenberger.

The sun has helped our chain gang Captain considerably, but he can still do well by scraping the crossing at First and Spring streets.

The Council tried to hold a meeting last night, but had not a quorum and adjourned until next Monday night.

Mr. F. P. Temple arrived last night by Telegraph Stage.

GRAND MATINEE For Ladies and Children Saturday afternoon at 2 o'clock. nov93rd

Los Angeles Herald.

SATURDAY, NOV. 27, 1875.

GOLD REPORT.

SAN FRANCISCO, Nov. 27. Gold, 144½. Greenbacks—Buying, 86; selling, 87.

LOCAL BREVITIES.

Lieutenant Wheeler is in town. Go to Hermann's matinee at 2 p. m. The Main street railroad have their two new open cars on the track.

Rain was reported yesterday from San Francisco to Fresno.

The Commercial Bank building is nearly finished.

Mr. C. A. Whetmore, of the *Alta*, is at the Backman House.

The bar at the Pico House is now open in fine style.

There was a rumor yesterday morning that Billie Donithan was dead, but it was a canard.

Herrmann at Turn Verein Hall.

The L & R R track is run with in two hundred yards of the San Pedro street depot.

Gold closed yesterday afternoon at 114½ per cent. premium. Currency sold here at 86½.

We again direct the attention of our readers to the advertisement of a house and lot for sale—a rare bargain.

Herrmann's matinee at 2 p. m.

Mr. C. A. Whetmore, of the *Alta* editorial corps has been visiting our city for several days and leaves this afternoon for San Diego.

Since our last report Mr. Ducommun's rain gauge shows a rainfall of .02, 1.19 and .068. The total rainfall this Fall 7.57 inches.

Herrmann's matinee at Turn Verein Hall for women and children.

The Baptist Church had a signal success in their two days' dinner at the Rink. The ladies worked hard and their labors were rewarded.

Charlie Durfee's horse Enterprise sold at auction yesterday for \$210, which is about five hundred dollars less than he is worth.

Charlie Durfee drove Stanford's colt remarkably well yesterday. He is destined to make a first class driver, as he is a tip top fellow.

Herrmann afternoon and evening at Turn Verein Hall.

The Scotch bag pipes attracted the public attention at Agricultural Park yesterday as largely as the Five Mile Race.

The Judges' stand is under obligations to the Park Hotel for a good quality of cigars. As to the liquor, refreshments we can not say as none of the Judges or editors drink.

Messrs. Hutchinson and Bold, between the heats to-day, will run a single dash of a mile. Hutchinson rides Jim Hawkins and Bold rides Filagree.

The winning horse, Belfast, in the five mile race yesterday, was trained by Mr. James A. Carr, one of the oldest trainers on the American turf, excellent in judgment, as well as an accomplished gentleman.

Grand Herrmann matinee at Turn Verein Hall this afternoon at 2 o'clock and this evening at 8.

The five mile race yesterday was not regarded with much favor. We heard a prominent horse man say that a five mile race should always close a fair, so that the spectators could go home disgusted with the whole affair.

It is believed that Belfast, the winner of the five mile race yesterday, is permanently disabled. He came in very lame and his tendons were found to be badly strained so that it is not likely he will ever run another five mile race.

Mr. Louis Bodecker, a distinguished composer and accomplished pianist, is paying our city a visit. Professor Bodecker is the composer of the "Kalamazoo March," "First Kiss," a polka; "Oh don't we eat a dash," with words by J. Guen; "Carnival Waltz," and other popular pieces. His presence in the city will be hailed with pleasure by our musical performers.

Benjamin's minstrel troupe, now playing in Leek's Hall is one of the most entertaining combinations that has appeared in this city for many a day. The talent first class and the management spares no pains to please all who favor him with their patronage. No impropriety is permitted to be said or done while the jokes and songs are exceedingly mirth provoking. The matinee this afternoon will be worth attending. Performance again this evening.

Herrmann gives a matinee to-day at 2 p. m., for ladies and children. His performance last night was a grand success and his immense audience went away delighted. His spiritual manifestations, which will be repeated to-night, were more satisfactory than any ever given by the Davenport Brothers and their detection. A good audience will undoubtedly attend to night and we know they will be gratified. In consequence of the steamer for San Francisco being delayed until Tuesday Port. Herrmann will give an additional performance on Monday night.

Mr. W. J. Donithan made an apology yesterday in writing to the officers of the Agricultural Society and to Judge Eastman for his language on the track the other day, and asked to be reinstated. We do not believe Judge Eastman bears any ill feeling to Donithan, though the latter committed a grave offense and gave a gross insult to the Judge, and we think, under the circumstances, that he should have a show. Donithan is a poor man and the support of his family depends on his having the privileges of the track. We do not believe the gentleman so grossly insulted or the society desire to prevent Donithan from making a living for his family. Give him another show.

Hungry Thieves.

About 11 o'clock Thursday night while officer Twomey was in charge of the Rink and was sitting on guard in the hall when he heard a disturbance in the kitchen. He started to investigate the matter when he discovered a man climbing into the window. Seeing the officer, the would be burglar speedily subsided and Mr. Twomey reached the window just in time to see him and a confederate departing down a back way sans ceremony.

AGRICULTURAL FAIR.

The 24th Race—A Running Race—Half Mile Handicap—And Repeat—The Three Year Old Trot—The Five mile Dash.

At eleven o'clock the time for starting the races only a small number of visitors were present and the calling of the first race was delayed until 12 m.

The Judges selected were Messrs. Eastman, Miles and J. W. Adams. Messrs. Wile and T. D. Mot were time keepers, and C. Helm, distance Judge. The following was the programme:

"First Race.—Trotting; free for all horses in the district that have never been beaten 2:40; 3 in 5 to harness. Purse, \$400; \$250 to 1st, \$100 to 2d, \$50 to 3d.

Joseph McEacham, San Diego, enters black stallion Prince, by Morgan, dam by Black Hawk.

F. P. Forster, San Diego, enters br g Temecula, pedigree unknown.

Chas. A. Durfee, Los Angeles, enters bay stallion Enterprise, by Overland, dam Maggie Mitchell.

Henry Keith, Los Angeles, enters black mare Bess.

Bess had been withdrawn several days ago on account of the epizootic. In the pools Prince and Temecula were favorites at about even and the field sold very low at five dollars in sixty and even as low as five in eighty.

Before the commencement of the race auctioneer Noyes announced that Enterprise was the property of the Enterprise would be sold at auction.

After four false starts the horses got off well together. Black Prince inside, Enterprise in the middle and Temecula outside. In the first quarter Temecula and Prince kept well together, with Enterprise some distance in the rear and backing badly. Temecula passed the quarter pole ahead with Black Prince just behind. The same order was observed at the half mile pole and Temecula reached the wire ahead in 2:58, with Prince second and Enterprise just saving her distance.

Pool selling was now lively between Prince and Temecula, the former being the favorite.

After two false starts the horses scored by Enterprise and got away, Welch inside, Prince next and Enterprise outside. Temecula got the lead and kept it through the race, being closely pursued by Prince. On the home stretch Temecula broke badly and under the whip ran for some distance past the wire, followed by Prince at a square trot. The time was given at 2:51 and the race given to Prince.

badly and Tom Stout was ahead and kept it through the race, coming in, winning the heat, race and first money, without a skip or break. Wappo did well, though he lost by frequent breaks, and won second money. Time of race 2:55½.

THE FIVE MILE RACE. The following was the published programme:

Fourth Race.—Running; five mile dash, free for all, catch wights. Purse \$200, to the winner.

N. A. Covarrubias, Santa Barbara, enters d g Belfast, pedigree unknown.

Fred. Harkness, Santa Barbara, enters b g Billy Brown, by Jim Brown, dam unknown.

F. P. Forster, San Diego, enters Red Bird, pedigree unknown.

An announcement was made that Billy Brown was withdrawn, and the race would be between Belfast, Red Bird, shark, Belfast drew the pole.

Red Bird second and Shark outside.

This was a very exciting race. In the first quarter Belfast was ahead, with Shark second and Red Bird behind. The half mile pole was passed by Belfast and Shark nearly neck and neck. At the three-quarter pole Shark was ahead, which position was maintained until the third mile, when Belfast got to the front and kept it during the balance of the race. The race was won by Belfast in 10:27, Shark taking the second place and Red Bird the third.

This ended the race and the crowd departed for their homes better satisfied with the races than on any previous day. In this connection we can not refrain from paying a compliment to the judges in their ungrudging task.

All of them have been prompt and square in their decisions and to Judge Eastman, in particular, the contestants and betters are under special obligations.

The following is to-day's programme:

SATURDAY'S RACES.

We are authorized to announce that Messrs. Hutchinson and Bold will ride a running race, single dash of a mile, weight 161 pounds. The race is to be sandwiched in between some of the heats in the discretion of the Judges. Hutchinson will ride Jim Hawkins and Mr. Bold will ride Filagree.

Burglary.

About 1 o'clock yesterday morning Germain & Matfield's store was entered by burglars. They effected their entrance by unhooking the front door. While at work rifling the store they were discovered by officer McEacham who gave the alarm and the thieves taking flight made a speedy exit from the rear. They were then chased by ex-officer Twomey and officers McEacham and Fulk. Turning into a dark alley on Los Angeles street they succeeded in eluding the pursuit of the officers. There is a clue to the affair which will be worked up. So far as known nothing was taken from the store.

Accident.

As the train for Colton on Thursday was backing up, previous to starting, a drunken Indian attempted to jump on a platform car, next to the tender, missed his hold and fell, the rear truck of the car passed over his foot, crushing it horribly, and but for the rare presence of mind of the fireman, Mr. Paton, would have been killed. Mr. Paton jumped from the train and dragged him from under the driving wheels, or his head would have been cut off. The accident occurred at the corner of Aliso and Alameda streets.

AN EYE-WITNESS.

We derive a great deal of pleasure from recording instances of generosity. When one of these items presents itself, we have a better opinion of humanity, ourselves included. Just now a kindly feeling has come over us and its presence is due to the information gleaned from a church member, that day before yesterday Dr. Aborn of San Francisco, now stopping a few days at the Backman House, sent, as a Thanksgiving donation, a check for twenty-five dollars to each of the ministers of the six religious denominations of this city. Though a successful healer of physical ills the doctor is not unmindful that there are souls to save as well as bodies to heal. Generosity is a noble sentiment. Pity there is no more of it in the world.

Millinery.

The taste of a fashionable lady is always displayed in her bonnets and hats. The really good lady invariably picks out something becoming and does not violate all rules of taste in combinations of color that will put the spectator's teeth on edge, or make all his nerves quiver when he sees an astounding display of shades and lights. In any event the judgment of a stylish milliner is almost indispensable and we recommend the ladies to call on Mrs. Ponet No. 9 Commercial street who has one of the most fashionable stocks of velvets, feathers, hats, downers, laces, and trimmings goods ever brought to Los Angeles. nov23rd

THE HERITAGE.

BY JAMES RUSSEL LOWELL.

The rich man's son inherits lands, And piles of brick and stone, and gold; And he inherits soft white lands And tender flesh that fears the cold, Nor dares to wear a garment old; A heritage, it seems to me, One scarce would wish to hold in fee.
